**At 13:00 o'clock** the participants start the Skype conference agreed upon via Email. **The meeting opens with a general discussion on the ISCTE proposal.** All members agree on the general contents of the proposal. All members agree to try and save all the training issues contained in the document. Rudina Rama and Elisabeta Osmanaj express their concerns regarding the participation of the academic colleagues and the Social Workers in the different training sessions scheduled in the 5 days program. Rudina Rama expresses the preoccupation that the excessive length of the training session could end up in a low participation at the end of the day. Elisabeta Osmanaj points at the difficulties that university colleagues and Social Workers from Elbasan might have in reaching and leaving Tirana from and to Elbasan. All members talk about possible solutions. The training sessions could start earlier in the morning (between 9:00 and 9.30).

**Discussion on the last draft:** Giorgia Bulli suggests to evaluate a rescheduling of the activities proposed by the version uploaded on BASECAMP that she has elaborated maintaining all the activities and slightly changing their order. She sends per e-mail the document. Discussion follows. Giorgia Bulli explains the rationale of the proposal, indicates the needs to reintroduce the 2 sessions with the students in the afternoon and clarifies that *all academic staff and all Social Workers are entitled to attend all sessions*. The colors of the rows in the document are for internal use only. The use of the color is intended to facilitate the process of contacting the Academic Staff/ university colleagues and the Social Workers to motivate them to attend the

sessions of highest interest for them. Moreover, in this first sessions the students will participate only in the two afternoons dedicated to the discussion on their professional expectations.
